Notice of Availability for the Montana/Dakotas Standards for Rangeland Health and Guidelines for Livestock Grazing Management Final Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Standards for Rangeland Health and Guidelines for Livestock Grazing Management (standards and guidelines) Final Environmental Impact Statement (EIS) addresses three alternatives. Alternative 1 is the No Action Alternative (continuation of current management), Alternative 2 is the Preferred Alternative (the proposed standards and guidelines), and Alternative 3 analyzes the Fallback standards and guidelines. Based on written and oral comments received on the Draft and Supplement to the Draft EIS, Alternative 2 was selected as the Preferred Alternative. The Preferred Alternative would be incorporated into 10 BLM land use plans in Montana and

the Dakotas. The Standards and Guidelines Final EIS was made available to the public on June 6, 1997. This Notice announces a 30-day protest period and provides information on the protest procedures.

FOR FURTHER INFORMATION CONTACT: Sandy Brooks, Project Manager, BLM Montana State Office, P.O. Box 36800, Billings, Montana 59107-6800, or 406-255-2929.

SUPPLEMENTARY INFORMATION: The planning process includes an opportunity for administrative review via a plan protest to the BLM's Director. Any person who participated in the planning process and has an interest which is or may be adversely affected by the approval of the Preferred Alternative may protest such approval. Careful adherence to the following guidelines will assist in preparing a protest that will assure the greatest consideration to your point of view.

Only those persons or organizations who participated in the planning process may protest. A protesting party may raise only those issues which were commented on during the planning process. New issues may be raised at any time but should be directed to the Montana State Office for consideration in plan implementation, as potential plan amendments, or as otherwise appropriate.

The protest period extends for 30 days, starting from the date this notice is published in the **Federal Register**. There is no provision for any extension of time. To be considered "timely," your protest must be postmarked no later than the last day of the protest period. Also, although not a requirement, we suggest that you send your protest by certified mail, return receipt requested. Protests may be filed in writing to: Director (WO-210), Bureau of Land Management, Attn: Brenda Williams, 1849 C Street, N.W., Washington, D.C. 20240.

In order to be considered complete, your protest must contain, at a minimum, the following information:

1. The name, mailing address, telephone number and interest of the person filing the protest.
2. A statement of the issue or issues being protested.
3. A statement of the part or parts of the Preferred Alternative being protested. To the extent possible, this should be done by reference to specific pages, paragraphs, sections, tables, maps, etc., included in the final EIS.
4. A copy of all documents addressing the issue or issues submitted during the planning process by the protesting party or an indication of the discussion date of the issue(s) for the record.

5. A concise statement explaining why the proposed decision is believed to be incorrect. This is a critical part of your protest. Take care to document all relevant facts. As much as possible, reference or cite the planning documents, environmental analysis documents, available planning records (i.e., meeting minutes or summaries, correspondence, etc.). A protest which merely expresses disagreement with the proposed decision, without any data, will not provide us with the benefit of your information and insight. In this case, the Director's review will be based on the existing analysis and supporting data.

At the end of the 30-day protest period, the BLM may issue a Record of Decision approving the implementation of any portions of the preferred alternative not under protest. Approval will be withheld on any portion of the plan under protest until the protest has been resolved.

Dated: June 12, 1997.

Thomas P. Lonnie,

Deputy State Director, Division of Resources.
